INVITATION FROM THE OLD MUIRITE UNION

It's been 200 years in the making, and we have finally made it. As the oldest English speaking, boys' only high school in South Africa, Muir College and the Old Muirite Union will be pulling out the stops with a host of celebrations for old boys, current learners, past and current teachers and you, our community of families and businesses who have supported this institution from day one.

This publication will give you a glimpse of what we have planned, and it gives me great pleasure to invite and welcome residents of Nelson Mandela Bay and surrounds to visit the school campus between the 3rd and 9th of August and join in the festivities. You are all very welcome! Almal is baie welkom! Namkelekile Nonke!

Andrew Binning

Old Muirite Union (OMU) President

Thank you to Founders' Week 2022 Partners

BRIEF HISTORY

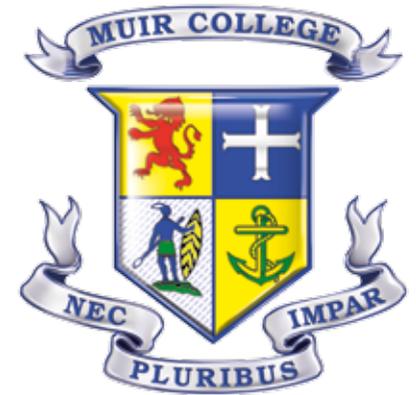

Of the single-sex schools that currently exist, Muir College is the oldest English-speaking boys' high school in South Africa, tracing its origin back to 1822, when a Scottish educationalist, James Rose Innes established Uitenhage's first Government Free School in a house in Cuyler Street in October 1822 with 60 pupils.

Over 2 centuries Muir College has seen girls come and go and finally became a boys' only school in 1873, with Riebeeck College for Girls (our "sister school") opening in 1877.

Muir College has been housed in various locations in Uitenhage / Kariega, starting off in Cuyler Street in 1822 then moving to Park Avenue in 1875 (the Old Red Brick building) and finally to its current address in Vanes Estate.

ORIGIN OF THE SCHOOL BADGE

The school badge had its origin with the Proprietary School in 1864 and shows the Rampant Lion of Scotland in the left quadrant, which honoured the Scottish headmaster. Facing it is the Cross from Uitenhage's coat of arms (from the founder of Uitenhage), General J. Uitenhage de Mist's family crest. Below is the Xhosa Warrior, which represents the Eastern Cape. This figure appears on the seal of the proposed Eastern Cape Colony.

Although the division of the Cape Colony into East and West did not occur, a seal was prepared and is on view in the Cuyler Manor Museum. The last quadrant shows the Anchor, representing the Cape Colony.

HEADMASTER'S MESSAGE

I would like to thank all who have played a role in organising the Muir College 200 year Founders' Week. Planning has been ongoing for several years. Covid happened and the celebrations were almost cancelled, but we risked it and pushed the event out by a few months.

We would love to encourage and welcome all friends of Muir College to visit our campus during Founders' Week and to experience the "gees" and atmosphere. There will be some excellent rugby games at the Muir College 200 year Rugby Festival on Saturday and Monday, which includes seeing Muir College 1st team taking on Grey High School 1st team for the first time in many years.

Here's to the next 200 years of Excellence in Education.
